

The Parish Council's attention has been drawn to the '**Greenfield Call for Sites**' being undertaken by the MVDC's planning policy department as part of ongoing work towards producing a new Local Plan. If you own or have an interest in a site which you would like the District Council to consider for future development please visit **futuremolevalley.org** for further information. The District Council is also seeking community engagement on the potential for modest extensions to rural villages as a means of supporting vibrant and successful rural communities. Officers from the Planning Policy department will be attending Parish Council meetings in early 2018.

The date of this meeting, to which all residents are welcome, is Monday 8 January 2018.

The meeting will be held at the Cricket Pavilion, School Lane, Ockley RH5 5TR.

The meeting will start at 7 pm.
